

## Home Learning Take Away Menu

10 points per piece of homework. Children should ideally complete two pieces of homework. The last day for handing in homework will be the 23rd May (later if necessary for seedling task). Any children achieving 20 points will have a marble added to the jar which will go towards a treat at the end of term, if the jar is full!! NB. Value homework will be used for a display so it would be helpful if this homework could come in as soon as possible.

Every week

- Mental maths book (hand in Mondays: 2 pages max).
- Spellings and tables practice.
- Reading every day.
- Doodle maths.

10 points

Values homework: Friendship.

One of the values this term is friendship.

Can you write a short poem to show your ideas on this value. This may be any type of poem you like.

10 points

We would like you to plant a seed/seedling. We would then like you to keep a diary of what happens as it grows in the '2do' set on [www.purplemash.com](http://www.purplemash.com)

You must include written observations and pictures. There is clip art available, but where possible, upload pictures of your own plant growing (please ask if you need help or need some resources to complete this task).

This task may take some time and we fully expect it not to be handed in until the end of term.

10 points

We would like you to rehearse your understanding of writing time in a digital format.

We would like you to create a comic strip to show a typical weekend day for you and your family.

Somewhere in each box of your comic strip must be the digital time that the event happened. (comic strip template provided).
