4th November 2022

Dear Parents,

Thank you to everyone who completed the Homework Survey. We have taken your feedback on board and reviewed our Homework Policy. The policy is attached with this letter. Teachers will set out what this looks like for each class in the termly newsletters. These will also be posted on the school website. Knowledge Organisers will also be on the class pages on the website. These will show in more detail the areas your child will be learning about in subjects such as History and the vocabulary and key facts that they will be learning.

On Wednesday 23rd November, we will be holding a Maths Information afternoon for parents. This will commence with an introduction to our maths curriculum at 2.15 pm in the school hall. After this, you will be able to visit the classrooms to see maths teaching and activities in progress across the school.

Thank you for your patience and understanding before half term when I had to close the school due to the lack of water. It is never easy when this decision has to be made but there was no alternative that day!

The term ahead is shaping up to be another busy one! I am especially looking forward to getting our social and Christmas events back after the last few years of disruption. I hope you will be able to join us for these.

Yours sincerely,

Ms Penny Howard
Headteacher
