

20th March 2020

Dear Parents,

Home Learning

Your child has a pack which contains:

A book which has in it - timetable, Reading, Writing and Maths activities to complete (coloured sheets), list of words that your child needs to know and then the book is for your child to record all of the learning they do while they are at home.

Also, with your child's book they will have a letter formation sheet and pen to practise letter formation. A phoneme (sounds mat) for some of the activities on the reading sheet and to practise phoneme recognition.

They have been given three reading books yesterday for them to read and then read other books from home.

I will also set work on Purple Mash each week, your child has their log in details in the back of their yellow reading record and stuck in the front of your home learning book.

www.purplemash.com/longney

The DGAT website has lots of websites that are really good for your child to use.

www.dgat.org.uk

I hope this is all helpful and enables your child to keep learning ready for when we all return whenever that is.

Best Wishes

Mrs Price
